(if deposited for more than 12 months) All damages to be borne or other sums of money payable by the contractor (s) of the Governor of C.G. under the terms of this contract may be deducted from or paid by the sale of a sufficient part of his / their security deposit or from the interest arising there from , or from any sums which may be due or may become due to the contractor (s) by the Government of C.G. on any also what-so ever in the event of his their security , deposit being reduced by reason of any deduction or sale as aforesaid or by reason of the forfeiture under clause 13 , the contractor (s) shall within ten days thereafter make good in cash of Government securities endorsed as aforesaid any sum or sums which may be necessary to make the amount of deposit equal to eight percent of the sum specifies in the tender.

The contractor(s) is/are to provide every sort and kind [with the exception noted in the schedule attached] which may be necessary and requisite for the due and proper execution of the several works included in the contract according to the true intent and meaning of the drawings and specification taken together , which are to be signed by the Executive Engineer [Hereinafter called the Executive Engineer and the contractors] whether the same may or may not be particularly decided in the specifications or shown on the drawings , provided that the same are reasonably and obviously to be inferred there from and in case any dissonancy between the drawings and the specifications the Executive Engineer , is to decide which shall be followed.

2. The contractor (s) is / are to set out the whole of the works in conjunction with an officer to be deputed by the Executive Engineer and during the Progress of the works to amend on the requisition of the Executive Engineer any errors which may arise there in and provide all the necessary labour and materials for so doing . The contractor [s] is / are to provide all plant. Labour and materials [with the exceptions noted in the schedule attached] which may be necessary and requisite the works, All materials and workmanship are to be the best their respective kinds , The contractor (s) is / are to leave the in all respects clean and perfect at the completion there of.

2. [a] I respect of all bearings , hinges , or similar parts intended for use in the superstructure of any bridge , the contractor shall , whenever required in the course of manufacture , arrange and afford all facilities for the purpose of inspection and test of all or any of the these parts and the materials used therein , to any officer of the Directorate of inspection of the Ministry of works production and supply of the Govt. of india and such bearings , hinges or similar parts shall not be used in the superstructures of any bridge except on production of certificate of acceptance there of from the Directorate of inspection. All inspection charges will be payable by the contractors (this clause may be struck off if tender is not foridge work)

3. Complete copies of the drawings and specification signed by the Engineer are to be furnished by him to the contractors [s] for his/their own use and the same or copies there of are to be kept on the buildings in charge of the contractor (s) agent who is to be constantly kept on the ground by the contractors and to whom instructions can be given by the Executive Engineer , The contractor (s) is/are not to sublet the works on any part there of without the consent in writing of the Executive Engineer.

4. The Executive Engineer , is to have at all times access to the works which are to be entirely under his control. He may require the contractor (s) to dismiss any person in the contractor (s) employ upon the works who may be incompetent or misconduct himself and contractor (s) is are forth with to comply with such requirements.

5. The contractor(s) is / are not to vary or deviate from drawings or specification or execute and extra work of any kind whatsoever unless upon the authority of the Executive Engineer to be sufficiently shown by any order in writing by any plan or drawing expressly given and signed by him as an extra or variation or by any subsequent written approval signed by him , In cases of daily labour all vouchers for the same are to be delivered to the Executive Engineer or the Officer – in – charge atleast during the week following that in which the work. May have been and only such day work is to be allowed for as such as may have been authorised by the Executive Engineer to be so done unless the work can not from its character be properly measured and valued. The drawings in respect in respect of which this contract is drawn up provide for a min depth of foundations for good soil. Any extra depth will be measured as an extra with the foundations trenches have been opened up and will be paid for in addition to the sum contracted for the completed work.

6. Any authority given by the Executive Engineer for any alterations or additions in or to the works is not to vitiate the contract but all addition omissions or variation in carrying out the work are to be measured and valued and certified by the Executive Engineer and add to or deducted from the amount of contract as the case may be at rates in force in the P.W.D. Chhattisgarh In such cases in which rates do not exist the Superintending Engineer will fix the rates to be paid.

7. All work and materials brought and left upon the ground by the contractor (s) or his/their orders for the purpose of forming part of the works are to be considered to be the property of the Governor of Chhattisgarh and the same are not to be removed or taken away by the contractor (s) or any other persons without the special licence and consent in writing of the Executive Engineer but the Governor of Chhattisgarh is not to be in any way answerable for any loss or damages which may happen to or in respect of any such work or materials either by the same being lost or stolen or injured by weather or otherwise.

8. The Executive Engineer has full power to require the removal from the premises of materials which in his opinion are not in accordance with the specifications and in case of default the Executive Engineer is at liberty to employ other person to remove the same without being answerable or accountable for any loss or damage that may happen or arise to such materials. The Executive Engineer is also to have full power to require other proper materials to be substituted and in case of default The Executive Engineer may cause the same to be supplied and cost which may attend such removal and substitution are to be borne by the contractor (s) .

9. If in the opinion of the Executive Engineer any of the works are executed with improper materials or defective workmanships the contractor (s) is / are when required by the Executive Engineer forthwith to re-execute the same and to substitute of the proper materials and workshop and in case of default of the contractor (s) in so doing within a week the Executive Engineer is to have full power to employ other persons to re-execute work and the cost thereat shall be borne by the contractor (s) .

10. Any defects shrinkage or other faults which may appear within six months from the completion of the building , arising out of defective or improper materials or workmanship are upon the direction of the Executive Engineer to be amended and made good by the contractor (s) at his / their own cost unless the Executive Engineer shall decide that he / they ought to be paid for the same and in case of default the Governor of Chhattisgarh may recover from the Contractor (s) the cost of making good the work.

11. From the commencement of the works to the completion of the same they are to be under the contractor (s) charge. The contractor (s) is/are to be held responsible for and to make good all injuries damages and repairs occasioned or rendered necessary to the same by fire or other causes and they are to hold the Governor of Chhattisgarh harmless from any claims for injuries to persons or for structural damages to property from any neglect default want of proper care or misconduct on the part of the contractor (s) or of any one in his/their employ during the execution of the works.

12. The Executive Engineer is to have full power send workman upon the premises to execute fittings and other work not included in the contract for whose operations the contractor (s) is/are to afford every reasonable facility during ordinary working hours provided that such operations shall be carried on in such a manner not to impede the progress of the work included in the contract but the contractor (s) is/are not be responsible for any damage which may happen to or be occasioned by any such fittings or other works.
